Cocktails and Fabulous Buffet!

More than 40 years ago, Greater Jamaica Development Corporation was formed by a group of visionary business and community leaders dedicated to the revival and development of Downtown Jamaica.

Our 40-plus years have seen the expansion of economic opportunity and improvement of the quality-of-life for the ethnically and economically diverse residents of Jamaica, Queens and for the region at large.

Our dream is becoming a reality as we see Downtown Jamaica's steady growth in becoming a dynamic urban center built around a highly efficient mass transit hub, offering convenient, accessible, pleasing, and productive experiences for those who live, work and visit here.
